

**SKYWARD**<sup>®</sup>  
EXCLUSIVE PARTNERS  
FOR OVER 25 YEARS

# Positive Attendance

**School Technology**  
associates, inc.

# CURRENT USES

## Classroom Attendance

Every class, everyday

## Large Group Areas

Study Hall, Library, Band, Choir,  
Gym, Clubs

## Additional Recordings

Unexpected and scheduled office and nurse visits.

## Resource/RTI Period

Ability to have real-time recording of entire student population deciding between multiple resource options during open periods.

## Other Activities

Prom, Homecoming, Standardized Tests, Events, Class Trips, Before and After School Programs

# BENEFITS

---

## *Empower students to be responsible and take control of their education.*

- Provides schools with a real-time snapshot of WHO is actually WHERE and WHEN. Not where they were scheduled to be.
- Often students are legitimately not where they are scheduled to be and this allows you to locate exactly where they are.
- Helps with security, academic planning, intervention, discipline, and time tracking of services provided by the district.
- Fast and easy for students to use by having student either enter their ID number or scan their ID badge.
- Allows students to be more responsible for their education and get the help they need, when they need it.
- Eliminates teachers spending valuable time taking attendance and allows them more time to teach and help their students.
- With the direct interface to Skyward you can find students with Skyward Student Locator and use Parent Portal for insight into a student's school day

---

*“Positive Attendance has been a game changer for our high school... The flexibility, accuracy, reliability, and different options they provide are outstanding for our needs.”*

**Shane Been**

Assistant Principal  
Sauk Prairie School District
